Digital Development Week

It's Our Story Archives

- The It's Our Story archives feature diverse insights from individuals and organizations within the disability community.
- The project explored categories related to disability life, including family, medical and social attitudes, employment, education, advocacy and politics, and access and transportation.

It's Our Story Archives

- The It's Our Story archives project provides a platform for people with disabilities to share their stories and experiences.
- The project aims to preserve the history and achievements of the disability rights movement.
- The archives seek to inspire future leaders within the community.

It's Our Story Archives

- The project aims to increase representation and visibility of people with disabilities in mainstream media and society.
- By amplifying the voices of individuals with disabilities, the project promotes greater inclusivity and diversity.
- The project challenges ableist stereotypes and promotes a more equitable and just society.

It's Our Story Archives

- The project offers a valuable resource for researchers, policymakers, and advocates seeking to better understand the needs and perspectives of people with disabilities.
- By gathering insights from a diverse range of sources within the disability community, the project offers a comprehensive and nuanced view of disability life and culture.
- The project informs policy and drives positive change towards a more equitable and just society.

It's Our Story Archives for Corporate Accessibility

- It's Our Story AI algorithm can be licensed by companies developing AI-powered accessibility tools.
- AI-powered accessibility tools help people with disabilities interact with digital content and services more easily.
- The It's Our Story content can be used to train AI algorithms to develop more effective and inclusive accessibility tools.
- This can better serve the needs of people with disabilities.

It's Our Story Archives for Sustainable Development Goals

- **The Sustainable Development Goals (SDGs) are a universal call to action to end poverty, protect the planet, and ensure peace and prosperity for all people.**
- The It's Our Story archive and its commercialization strategies can contribute to achieving several SDGs:
 - a. **Goal 3: Good Health and Well-being** - The archive can help healthcare providers understand the needs and experiences of people with disabilities, leading to improved healthcare and better health outcomes.
 - b. **Goal 4: Quality Education** - The subscription-based service can provide insights and recommendations to help education institutions improve inclusivity efforts and provide a better learning experience for students with disabilities.

It's Our Story Archives for Sustainable Development Goals

- **Goal 8: Decent Work and Economic Growth** - Commercializing the It's Our Story AI algorithm can create jobs and contribute to economic growth in the AI industry. The subscription-based service can help companies improve inclusivity efforts, leading to a more diverse and productive workforce.
- **Goal 10: Reduced Inequalities** - The It's Our Story archive and related strategies can reduce inequalities for people with disabilities by increasing awareness and understanding of their experiences, and improving accessibility and inclusivity in various industries.
- **Goal 16: Peace, Justice, and Strong Institutions** - The archive can help governments and organizations understand the needs and experiences of people with disabilities, leading to more just and inclusive policies and institutions.

One goal, Create value through technology.

Through 5 different specific strategies:

- 1** **Spread and promote the use of technologies** to increase the efficiency of organizations regardless of their geographic location.
- 2** **Connect the organizations and executives to create more value**, sell more in an **omnichannel** and geopolitically fragmented world.
- 3** Work together with **authorities and institutions** to **remove barriers to technologies and trade**.
- 4** **Bringing experts, knowledge and cases** to communities or regions with little access to technological knowledge and digitalization to make opportunities inclusive.
- 5** **Establish Committees by type of technology** to share uses, applications, as well as groups that want to interact, collaborate and test new applications in the practical field.
